

Overview - What is it?

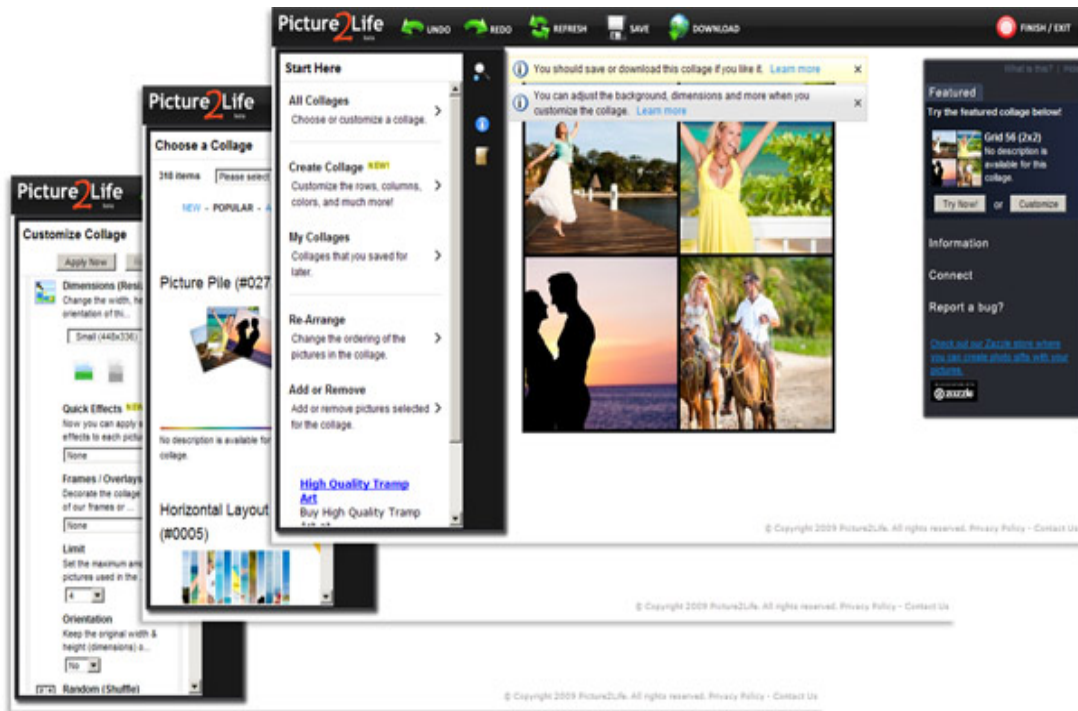

Picture2Life is a **FREE**, powerful, but simple and easy-to-use **online image editor** which also allows you to create collages and animated gif's (or animations). It works great with your pictures that you already have online!

Edit, Collage, Animate & Share Pictures!

Teachers & Students can create FREE accounts

Collage Pictures - What is a Collage?

Create Collages. Sometimes one picture just doesn't say it all.

You can create as many collages as you like with your favorite pictures, **choose from over 200 different, customizable, styles and layouts!**

This is the program used to make the Photo Banners on the district website
